

Sports Logic Technologies LLC® (SLT) is a technology company, which produces state-of-the-art graphical aides and online communication and management tools for leagues coaches and players. Its web based solution, The Team Manager™ is an interactive private team site where coaches and managers can organize and track pertinent team information such as season schedule, tournament schedule, practices, statistics and roster information. Each Team Manager™ only allows the coach and invited players to participate and share information. Every Team Manager™ comes with the ability to manage, track and change all the team information on its site while providing a message board, which allows for single source communication. Notification for practice or game changes, directions to games and tournaments or general team discussion can be conveyed through the message board and broadcasted to every participant via e-mail or text messaging. The goal behind the Team Manager™ is to organize and manage all aspects of the team experience providing real-time communication and collaboration.

Login

Sports Logic Technologies has developed a private Team Manager™ site for all the AYSO teams. As a participant you will receive an e-mail from Sports Logic letting you know that the Sports Logic Team Manager page is ready for you to Login. You can go to www.sportslogitech.com and login with the ID and password created during registration.

Forgot Password

If you have forgotten your login and ID please do the following.

Go to www.sportslogitech.com and under the support tab there is a dropdown for forgot password. Enter in the e-mail address you used for registration and your ID and password will be e-mailed to you

Manage Profile

Once on the Sports Logic Team Manager page, users can manage their own profiles. Should a user need to change an e-mail address or phone number in the system they can update it by going into their user profile under the “Account Info” dropdown. Select user profile or parent profile and you will be taken to a screen which has the current data. Go to the e-mail or phone number that needs to be changed and update the information. After the changes have been made select the finished button and you will be taken back to the Team Manager page.
